From: [CISO]
To: [Platform Engineering Lead]
Date: August 26, 2026
Feature: Mode: Databricks-to-Open (bearer/OIDC)
Review ID: TRB-2026-007

Decision

APPROVED FOR NON-PHI EXTERNAL SHARING, contingent on conditions below. PHI sharing requires BAA + verified conditions.

Conditions

Condition ID	Requirement	Verification	Owner	Deadline
COND-007-1	Signed BAA with recipient before any share	Legal confirms BAA on file	Requestor	Per engagement
COND-007-2	Bearer token ≤30 days; IP allowlist; quarterly rotation	Spot-check 3 active shares	TRB	2026-10-25

Condition ID	Requirement	Verification	Owner	Deadline
COND-007-3	Audit logs retained 180 days; monthly anomaly review	Query audit review	Platform Eng	2026-10-25

Key Terms

- **Non-PHI Only (unless BAA signed):** External sharing permitted for non-sensitive data (aggregates, metadata)
- **BAA Required for PHI:** Member identifiers or claims require Business Associate Agreement
- **Token Lifetime:** Maximum 30 days; rotate quarterly
- **Audit Logging:** All Mode queries logged with recipient IP, timestamp, row count
- **Monitoring:** Monthly review by TRB; escalate if anomalies detected

Next Steps

1. **Acknowledge** this letter within 5 business days
2. **Execute conditions** by October 25, 2026
3. **Submit evidence** of verification (BAA, token config, audit logs)
4. **Go-live** after TRB verifies all conditions

Approved By: [CISO] — Date: August 26, 2026
